Registration form for candidates / Candidature

(for APEEEL2 members only/ réservé aux adhérents)

Name, First name / Nom, prénom: KOSTADINOVIĆ, SONJA

Personal presentation / Texte de présentation

I am an English and French teacher, but I spent most of my working life as a translator. Before moving to Luxembourg, where I first worked as a translator and now as a proofreader in the Croatian language unit, I worked in Croatia in a French automobile company as a translator, PR Assistant and Training Coordinator.
I am used to working in an international and multicultural surrounding which enriches me both professionally and personally. I also find it very rewarding to be able to share my knowledge and to learn from the other people's experience.
I like to spend my free time with my family and friends or doing sport.
I am fluent in English and French and have fair knowledge of German.

Short personal statement in French or English / Bref texte de motivation, en français ou anglais

I am a mother of two boys, one of whom is attending M2 and thanks to which I got more involved in school activities in my capacity of a class delegate. So far I have been actively involved in the activities of my son's class but this call for candidates to APEEEL2's Management Committee is a chance to get involved at school level. My areas of interest are canteen-related issues, language learning policy and extracurricular activities. Although the school has a good reputation I think that there is still room for improvement and than in some aspects our school is not always fully responding to the needs of our children, especially taking into account the multiligual environment in which we live.

Personal statement translated into another language / Texte de motivation traduit dans une autre langue

Je suis maman de deux fils, dont un fréquente M2 ce qui m'a permis de m'investir dans les activités de l'école en tant que déléguée de class. Jusqu'à maintenant j'ai été activement impliquée dans les activités de la classe de mon fils, mais cet appel aux candidats du Comite de gestion de l'APEEEL2 est une opportunité de m'engager au niveau de l'école aussi. Mes champs d'intérêt sont lies aux questions relatives à la cantine, la politique d'enseignement des langues et des activités périscolaires. Même si notre école a une bonne réputation je pense qu'on peut toujours faire mieux et que dans certains aspects l'école ne répond pas tout à fait aux besoins de nos enfants, surtout quand on prend en compte l'entourage multilingue dans lequel nous vivons.

Cycle and year/ language section of child (children) / Niveau, classe et section linguistique de l'enfant (des enfants), e.g. « DE P3 » = German section, Primary 3 / section allemande, primaire 3)
