OUR PRIORITIES AS A WORKING GROUP ON SUSTAINABILITY

Reinforce our Working Group and find volunteers;

- Identify partners in school and develop a network of teachers-pupils-parents.
- Map the critical points of our school: routines, logistic, services, infrastructures, habits, according to the Goals of the Agenda 2030 and the principle of Reuse-Recycle- Reduce.
- Shape a Road Map on how to move towards being a Sustainable School at all levels.
- Connect with the other schools in Luxembourg and European schools for an exchange of good practices and possible synergies.
- Inform parents and students' community about what is going on in the city and in the community regarding these topics.
