World Food Day

YOUTH ACTIVITIES

World Food Day Poster Contest

We're calling all children and teens around the world! If you're between the ages 5-19, we want you to use your imagination and create a poster showing a food journey! There are many different kinds of journeys that food can take, some that guarantee a healthier future for people and the planet. Choose your favourite and be creative! Launched in 2012, the World Food Day Poster Contest engages youth in important global issues related to food security and agriculture and receives entries from young people in more than 115 countries around the world each year.

Activity Book

Do you want to know more about food journeys and the fascinating world behind food and agriculture? Read the World Food Day **Activity Book** to learn more about it before entering the Poster Contest.

How to enter

- Participants must be between 5 to 19 years old
- You must depict a food journey
- Posters can be drawn, painted or digitally designed (this is not a photo contest)
- The deadline for entries is 5 November 2021
- To submit your poster, visit: **www.fao.org/worldfoodday-contest**

World Food Day

Junior World Food Day

Stay tuned for more information about the Junior World Food Day virtual event, set to take place in October 2021. Young people around the world will be invited to have a conversation with food heroes – from influencers to farmers, chefs and innovators – and to hear about why they choose to work with food. We will also hear from young people who are helping to make agri-food systems more sustainable.

Be a food hero like Peter Rabbit!

Taking care of our planet is important to Peter Rabbit and his friends, and now, he's supporting the United Nations and FAO by being a food hero. Find out about some actions you can take to become a food hero too, from eating more fruits and vegetables to reducing food waste, buying locally grown food or even growing your own at home. Our world needs more food heroes so act now!
