BELENIOS online voting platform

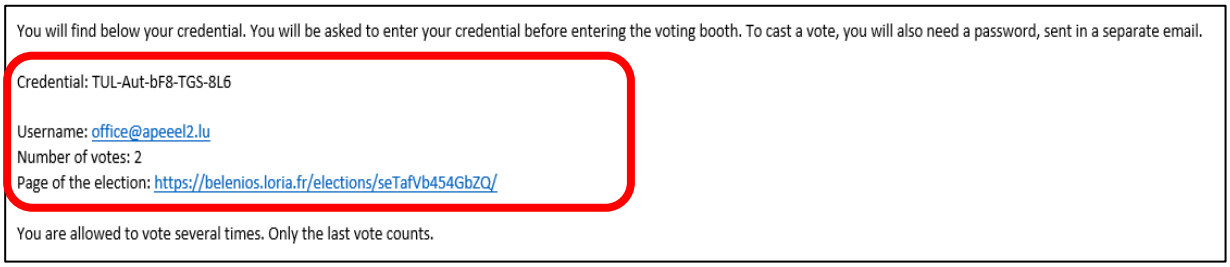

BELENIOS aims at providing an *easy to use voting system*, guaranteeing state-of-the-art security: **vote privacy** relies on the encryption of the votes, and **verifiability** on the fact that voters can check that their ballots have been received. Click **here** for more information.

STEP 1 –Access the voting booth and enter your credential (code de vote)

a) Open the first email you have received from *Belenios public server:*

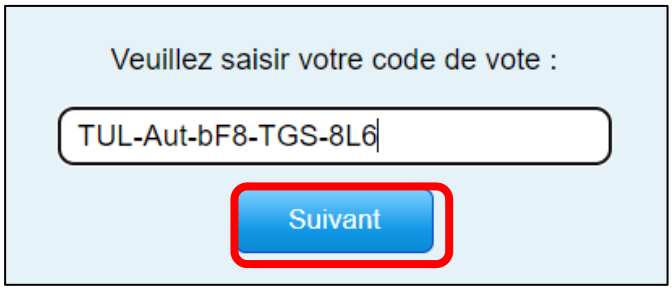

b) To access the Belenios voting booth, click on the link after PAGE OF THE ELECTION.

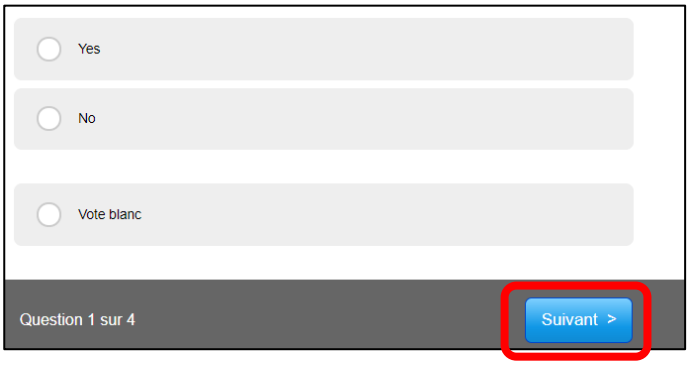

c) Click on COMMENCER

e) Enter your Credential (*code de vote)* included in email above and click on SUIVANT.

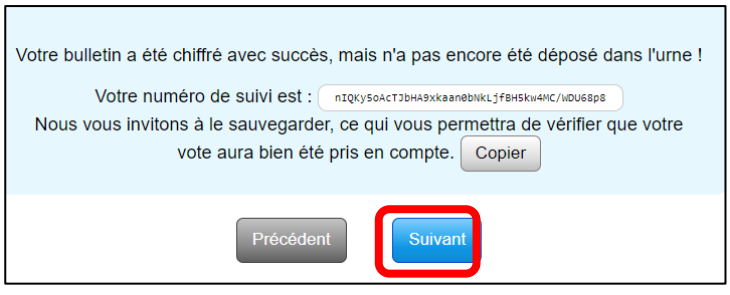

STEP 2 – Select your answer/s for each of the proposed questions Please note that "blank vote" is available. When done, click on SUIVANT.

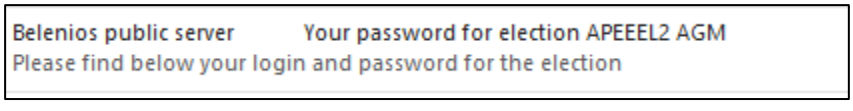

STEP 3 – Cast your vote

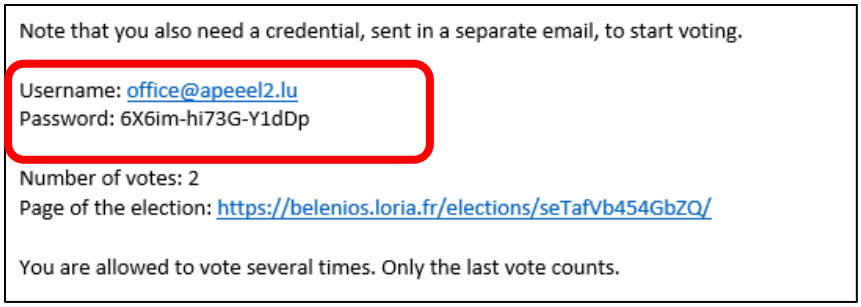

a) Click on SUIVANT if you agree with your vote summary.
You can also choose to copy your vote reference (click on COPIER) to check later that it has been taken into account.

b) Open the second email you have received from *Belenios public server:*

This email contains your USERNAME and PASSWORD to cast your vote (different from the username and credential codes your received in the first email from Belenios public server and used at step 1)

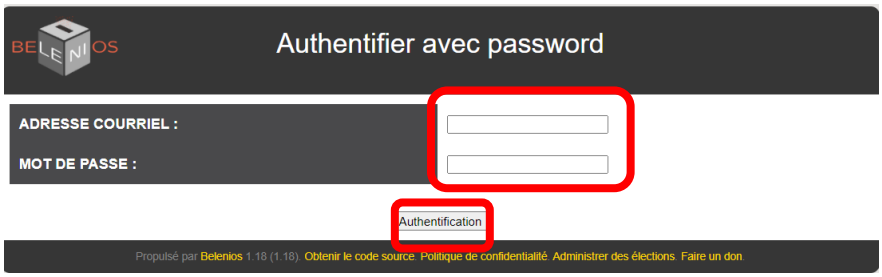

Note that you also need a credential, sent in a separate email, to start voting.
