

THIRD EDITION

SUSTAINABLE WEEK

17-21 April 2023

LUXEMBOURG II
SCHOLA EUROPAEA

APEEEL2
Schola Europaea Luxembourg II

OVERVIEW
EVENTS PLANNED
IN THE WEEK

DAY 01 Climate action

DAY 02 Life on land

DAY 03 Zero Hunger

DAY 04 Reduce inequalities and gender e qualities

DAY 05 Good health and well-being

DAY 01 Monday 17 April

TAKE ACTIONS TO FIGHT CLIMATE CHANGE

Climate change is a real and undeniable threat to our entire civilization.The effects are already visible and will be catastrophic unless we act now. Through education, innovation and adherence to our climate commitments, we can make the necessary changes to protect the planet. These changes also provide huge opportunities to modernize our infrastructure which will create new jobs and promote greater prosperity across the globe.

OUR ACTIONS

- Reduce the amount of ink used by printers: use the front like Arial, Georgia or Verdana and save up to 50% of ink
- Clean your email box: our emails are stored in data centers that require large amount of energy to operate
- Switch off the computer screens in classrooms: save 8000 euros/year
- GRAFFITI CHALK on the floor of the outside area (planning for each class)
- Plastic pyramid done with the plastic waste produced in the school during a school week

WORKSHOP AND ACTIVITIES PROMOTED BY APEEEL2

Monday 17 APR
Periods: P1, P2
Salle de Fete
English, French
S3L2EN

A pact for our Planet - Express our vision

Explain the ecological footprint of Luxembourg and discuss what we as a school community can do to reduce the footprint.

Produce an art work to express it
'L'arbre des possibles': your Observations, Emotions, Actions

see also the websites: https://csdd.public.lu/fr/myfootprint.html
https://www.oneplanetluxembourg.lu/en/0

Coordinated by
Christina Ehlert; Tiziana Tamborrini
With Sophie Joly of Let's Refashion

Monday 17 APR
P7-P8 – P9 + half an hour
(3 full hours)
start at 13.30
English French
40 – 60 Ecoresponsibles (S1 – S5)
5 -6 Facilitators

Climate Fresk

3 hours interactive workshop based on collective intelligence to learn more about climate physics.

This workshop is divided into three parts: a reconstruction of a fresk of 42 cards based on IPCC reports and linked by causes and consequences is reconstructed, a creative part in which participants can express their creativity, and a final part focused on individual scale solutions.

One facilitator can facilitate the workshop for 16 participants, and we could propose you 2 to 3 facilitators to come twice in the week, either on the Monday 17, the Friday 21 or another day of the week....

Environment & Sustainability
Education Luxembourg

Proposed by
Marie Alix Dalle

PROTECT THE BIODIVERSITY

A flourishing life on land is the foundation for our life on this planet.We are all part of the planet's ecosystem and we have caused severe damage to it through deforestation, loss of natural habitats and land degradation. Promoting a sustainable use of our ecosystems and preserving biodiversity is not a cause. It is the key to our own survival.

OUR ACTIONS

- Seed balls
- Install new bird houses (each class will be responsible of one bird house)
- Seeds exchange or plant exchange (for teachers and staff)
- The green day: wear something green

WORKSHOP AND ACTIVITIES PROMOTED BY APEEEL2

Tuesday 18 APR
9h00 – 10h00 (flexible)

Setting a Repair Café

CELL will introduce us to the challenge of setting a Repair Cafè, bringing practical experiences from other schools.

APEEEL2 Schola Europaea Luxembourg II

CENTRE for ECOLOGICAL LEARNING LUXEMBOURG the transition hub

Proposed by:
Jennifer Feschuk (CELL)
Coordinated by:
Sustainable Working Group Apeeel2

END HUNGER

Hunger is the leading cause of death in the world. Our planet has provided us with tremendous resources, but unequal access and inefficient handling leaves millions of people malnourished. If we promote sustainable agriculture with modern technologies and fair distribution systems, we can sustain the whole world's population and make sure that nobody will ever suffer from hunger again.

OUR ACTIONS

- Reduce food waste (bring the extra food at home)
- Vegetarian menu in the canteen (21st April)
- Food collection for BANQUE ALIMENTAIRE.LU

WORKSHOP AND ACTIVITIES PROMOTED BY APEEEL2

Wednesday 19 APR
Period 5, 12h20 – 13h05
English
Room: A203
35 – 40 Moral classes (Secondary)

How to live a Happy Life and Save the Planet

When asked about their ultimate goal in life, most people say happiness. However, we often get it wrong.
In this speech, I will argue that investing in social relations promotes socially and environmentally sustainable societies, which are crucial for people's well-being. Although success, money, and power may offer the illusion of happiness, they do not necessarily lead to a happy life. In fact, income plays only a minor role in people's well-being, and it is mainly important for those in poverty.

Proposed by
Francesco Sarracino (STATEC)

DAY 04 Thursday 20 April

ACHIEVE GENDER EQUALITY

Gender bias is undermining our social fabric and devalues all of us. It is not just a human rights issue; it is a tremendous waste of the world's human potential. By denying women equal rights, we deny half the population a chance to live life at its fullest. Political, economic and social equality for women will benefit all the world's citizens. Together we can eradicate prejudice and work for equal rights and respect for all.

OUR ACTIONS

- Posters and pictures exhibitions
- Red lipstick line on the cheek
- The students voice (article, draws....)

DAY 05 Friday 21 April

ENSURE HEALTH LIVES

Over the last 15 years, the number of childhood deaths has been cut in half. This proves that it is possible to win the fight against almost every disease. Still, we are spending an astonishing amount of money and resources on treating illnesses that are surprisingly easy to prevent. The new goal for worldwide Good Health promotes healthy lifestyles, preventive measures and modern, efficient healthcare for everyone

OUR ACTIONS

- 5minutes deep breath in class
- An healthy menu recipe
- Vaccinate yourself
- Donate your blood Croixrouge.lu

WORKSHOP AND ACTIVITIES PROMOTED BY APEEEL2

Friday 21 APR
14h00 – 15h00
English, French Italian
2 Sciences classes (Secondary)

Focus on: starting a pilot CFP analysis in our school

Workshop on how to implement a Carbon Foot Print analysis in our school, looking at the key impacting sectors, data availability, different methodologies.
Proposed to a small group of students and teachers motivated to launch a pilot research study.
Expert from EIB and List will support the discussion.
School management is invited.

Coordinated by:
Sustainable Working Group of Apeeel2
Special guests: EIB ; (Ministry Environment Lux)

Friday 21 APR
Period 1-2 salle A104
Period 6-7 salle B001
English, French ECONOMIC (Secondary)

Circular Economy and Climate Action: we need the data!

Our planet and our human society is changing fast; faster than we can believe. Some key economic questions comes up, such as resources needed to produce what we would like to consume, while the earth climate react to our heavy ecological footprint. We need to measure what is really going on and to take actions: you and me, altogether, in our daily life, and pretend right decision to the “power”-full people. Statistical data is part of the power to change our world. Activity with participants. A common exercise, supported with a software tool, to produce our own data. A simple model will be proposed e a data set produced in this simple social lab. Material needed A laptop presentation, a board and some practical material (stickers and coloured markers) is need.

Proposed by
Edoardo Pizzoli (Gaialux asbl)

DAY 01-05

WASTE SORTING ECO RESPONSIBLE STUDENTS S1

Our school is trying to improve the waste sorting that is till now in existent. This project is growing with the help of the eco-responsible students from S1-S3.

During the week, the students will presents this project class by class in order to make awareness in our school community and START MAKE THE CHANGE

SALES OF HAND MADE OBJETS

The Earth Ambassadors and some students of S5 will sell some hand made objects. The collected money will go for buying roses plants for our garden and for planting trees with the Luxembourghish association Natur Emwelt

DAY 01-05

REFASHION CORNER

During the sustainable week (April 17-21 2023) there will be a refashion corner and a clothing SWAP event for the school student

Pendant la semaine du développement durable((17-21 Avril 2023), il y aura un coin relooking et un événement SWAP de vêtements pour les élèves de l'école
